

TWO FACTOR ATTENDANCE

Worried about the “**safety**”
of your school going children?

If **yes**, you can opt for

Two Factor Attendance

(Instant Attendance Notification and Alert)

This feature ensures

Student Attendance

is verified with two different factors at every point of contact

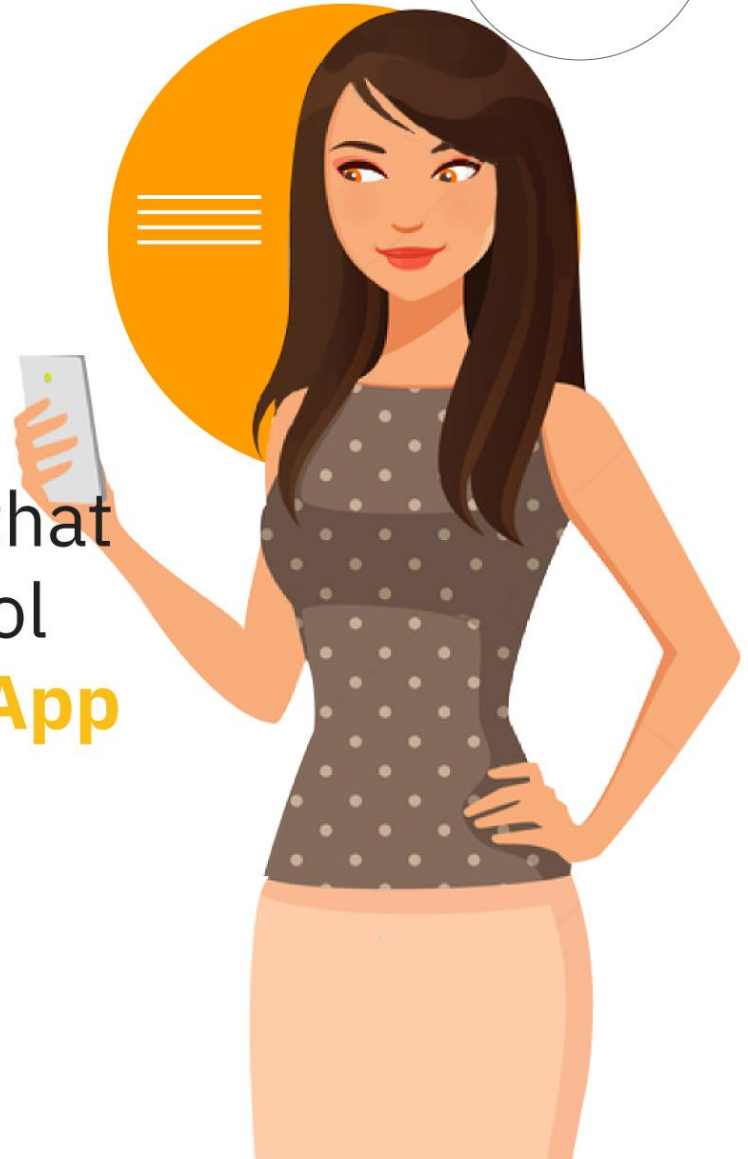

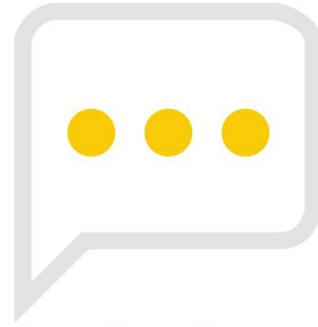

How It **WORKS**

Morning

Parent confirms that
the child left for the school
pick-up point via **Parent App**

Notifications

are sent to Parent and Transport Manager when the student swipes the **RFID ID** card to enter the school bus and also when he gets down at the **school**.

Once student enters the school,
Transport Manager
confirms the child's presence in the
school via **Transport Manager App**

Parents get notified about child's
presence in school via **Parent App**

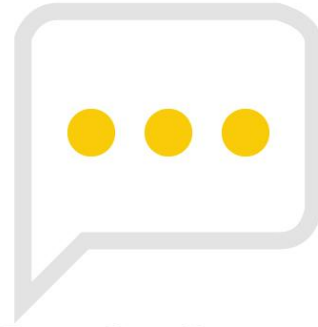

Evening

Transport manager

confirms when the child leaves the school premises and boards the school bus after school hours via **Transport Manager App**

Notifications

are sent to Parent and Transport Manager when the student swipes the **RFID ID** card to enter the school bus and also when he gets down at his **drop point**

Parents confirm when their child
reaches home via **Parent App**

**WHAT IF THE
CHILD** is not using
school transportation ?

Parent drops their child at school
and confirm that the child reached school via
Parent App

Teacher confirms that child entered
the classroom

Parents gets notification and
confirms the child reached car via
Parent App

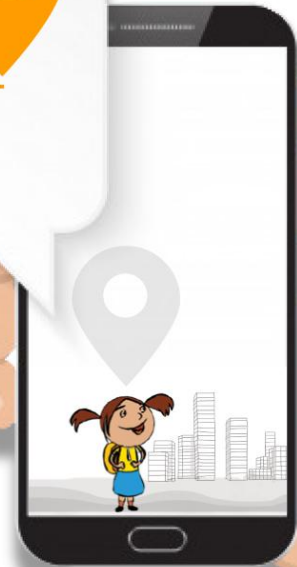

When **Parents** confirm in both cases, the Trip is marked as completed successfully and notification is sent to **Transport Manager**

Get notified about
your school going children via your
Mobile Phone...
